

Neeti Gobeshona Kendro is happy to share that our Trustee Members, Professor Sk. Tawfique M. Haque and Dr. Md. Mahbubul Haque, conducted research on “Modern Slavery in Country of Destination and Debt Bondage in Country of Origin: Bangladeshi Migrant Workers in Malaysia.”

The research findings were presented by Dr. Mahbubul Haque at a sharing session in Malaysia on April 27, 2025. The event and research issue were also featured in The Star.

This research reflects Neeti Gobeshona Kendro’s continued commitment to evidence-based policy discussion, migrant rights, and social justice.
